

“Star Readers” Program

Next Wednesday, Feb. 8th we will begin our “Star Readers” program. This will replace the Mystery Reader for the rest of the year. The children will be put in groups of 4 or 5 and they will be asked to bring in a book to read to their group on one Wednesday during the month. I would like the child to practice reading the book aloud at home before he/she brings it to school. The books should be rather easy for the child to read with practice and not too long. It should take no longer than 5-10 minutes to read.

My purpose for starting this program is to provide the children with opportunities to practice reading fluently and to enhance their desire to read. The children will be given a chance to talk about the books within their groups. I would like to display the books for the week in the classroom. Hopefully the children will read these books during silent reading time or when they finish their work.

Please help your child choose a book and practice reading it before their scheduled time to read. Your child is welcome to choose a book from the classroom library if he/she wishes.

The February reading schedule is included.
